

# QEP GOALS

The following six goals represent objectives applicable to all OC Tech campus programs.

- A service learning program will enhance relationships with our service area through community outreach.
- It will boost networking efforts among faculty, students, service area job providers, and community non-profit organizations through campus-community collaborations and partnerships.
- It will provide hours of service to people in need, non-profit agencies, private sector companies, non-governmental groups, and governmental agencies.
- It will improve communication skills through a focus on reflective writing and interaction.
- It will enrich soft skills.
- It will foster the development of leadership abilities.
