Engineering and Advanced Manufacturing Scholarships

Scholarships will be awarded by the Orangeburg Calhoun Technical College Foundation to new students enrolled in OCtech's Engineering & Advanced Manufacturing associate degree programs:

- Automotive Technology
- Electronics Engineering Technology
- Engineering Design Technology
- Industrial Electronics Technology
- Machine Tool Technology
- Mechatronics Technology
- Welding/Industrial Maintenance

The scholarship awards may be used for tuition, books, course supplies, housing, gas, food and other daily expenses.

Scholarship recipients will be selected prior to the start of the Fall 2022 semester and recipients will receive scholarship funds during each of the five semesters of the associate degree program as long as a minimum GPA of 2.5 is earned each semester, the student is enrolled in at least 12 credit hours each semester, and the associate degree is completed in five consecutive semesters.

Grades will be reviewed at the end of each academic term.

If the 2.5 GPA is earned each semester and the student is enrolled in at least 12 credit hours each semester, the student will receive the following scholarship awards each term:

- Fall 2022 \$500
- Spring 2023 \$500
- Summer 2023 \$250
- Fall 2023 \$500
- Spring 2024 \$500

The scholarships will be awarded to the first 10 new students in each program who apply to OCtech, are accepted and register for 12 or more credit hours for the Fall 2022 semester and complete this scholarship application.

All scholarships are subject to prior funding before awards are made.
