Students enrolling at Orangeburg-Calhoun Technical College may receive advanced academic placement by scoring a “4” or above on any higher-level IB course examination. The amount of college course credit awarded for an IB course will be equivalent to the credit hour value of the college course for which the IB credit is being accepted.

Orangeburg-Calhoun Technical College complies with South Carolina Laws and SC Commission on Higher Education policies that students shall receive advanced placement credit for each applicable corresponding course offered by the College. Students should be aware that while advanced credit is granted for all IB higher-level examinations, credit may or may not be applied to all degree requirements of the College.
